Commodore's Report May 2014

May is here and the lake is clear! Not what we normally see of Lake Keystone in May. We have not had the rain that we usually see this time of year, thus the clear lake. However, we don't see the extreme winds that we have been experiencing either, resulting in us not being able to use the clear water as much as we would like. Two of the four scheduled race days have already been blown out. Let's hope for a little less wind as we approach the heart of our sailing season.

Darrell organized an outstanding work party and all are to be commended for the work that was accomplished the first Saturday in May. Now that the club is all shined up, come out and enjoy it and your boat before the weather hits triple digits.

We have several fun events coming our way soon. Memorial Day is right around the corner and the Catalina 22 fleet will again lay together a great brunch for us to kick off the summertime events. Jo-Ann Chandler will again be leading the Cheeseburgers in Paradise party in mid-June and we have the first of three beach parties scheduled for the 14th of June. Be sure to pay close attention to your new calendar or you will miss some fun activities starting now.

Another tool to keep you abreast of happenings at Windycrest is the use of our website. Richard Ferguson took on the task of managing the site as Webmaster last year and has done a stellar job of upgrading it and keeping it current. If you want to know what is going on at Windycrest, all you have to do is go to windycrest.com and you will immediately be updated with what is happening now. For example, if you want to know who was at the work party, click on the "Work Party 2014" tab and see a 100 picture slide show of your fellow members at work. Also, to see a stunning slideshow of the development of Windycrest, click on the "Building of Windycrest" tab. Richard is another of those unsung hard workers that make Windycrest a special place.

I look forward to seeing you at the club and on the water soon.

Vice Commodore's Report

I first want to thank those members that came out and participated in this year Work Party. I felt that a lot was accomplished. The improvements should last for quite a while but time will eventually have them on some future Vice Commodore's list to be redone. The lower path looks great and the space in front of the pavilion has that large hump removed, is nice. The water running out of the upper lot can actually run under the path to the bathrooms now. I don't know how many years I have seen this on the to-do list yet it seemed that nobody was willing to crawl half way in the culvert to get it done (**thanks Linda**). I saw many members putting such efforts to improve their sailing club. I also heard comments that the dinghies looked brand new (if you weren't too close). Once again, great job Windycrest!

Now, on to those that had something more important to do like soccer games, graduations, and other things, we will have a make-up Work Party on May 31 from 9:00 am to 3:00 pm. You will need to bring your own lunch. If this once again does not fit into your schedule you will need to contact me to make special arrangements. If you are not able to do any of the above you will need to send in your second half dues.

It is great time to be using your sailing club with many social events on the calendar and the racing season well underway. See you at the lake.

Darrel

Rear Commodore's Report

Nervous first timer to skipper says. "Do yachts like this sink very often?" "No, usually it's only once!"Hope everyone is having a great spring and getting out to the club to sail. As most of you know we had wonderful work day weather and got a lot of things freshened up around the club. The Windycrest training boats got cleaned up and ready for this seasons adult and junior training programs. If you missed this year's swim test don't worry the water is warm enough now we can complete the training at the lake. Don't forget the first junior training class starts June 14th.

We are proud to announce that Lisa Weatherholt is now on our training team as the Adult Training Director. She has some great ideas and energy for the program. I know she is just the person we have been looking for to push our Adult Training program to the next level. Please contact Lisa and me with any questions or scheduling information you may need. See you at the lake!
