Commodore Report November 2015

I am happy to kick off my first report as Commodore. Thanks everyone for the confidence in our Windycrest Board of Governors. Darrel Daniel has done a great job and we will all be looking for his approval as we move forward this year. Speaking of the Daniel's family I want to give a special thanks to Sally Daniels our Secretary. Sally always keeps our team in line and organized and her participation on our race committee has been critical for all our race series. When you see her working at the club be sure to give her a shout out!

Our hard working treasurer Tom Proctor has called for this year's annual budgets to be turned in by all the board members on November 20th. If any members have ideas or know of any items in need of consideration please send me an email and the board will consider these items in our budget projections. Tom runs a tight ship and we will need provide him with good projections as he forecasts our 2016 budget.

Harvey and Marsha Baker our Activities Captains have a great Holiday Party and 50th Year Anniversary Celebration planned at the OU Tulsa Schusterman Learning Center December 12th starting at 6:00 PM. Don't let Harvey beat you on the race course and then best you on the dance floor. Please make reservations. Marsha needs a head count.

Happy Sailing

Marcus Fairless

Vice Commodore Report Nov 2015

If you only read one of my reports over the next year, then choose this one. If you read two, then read this one and the one the month prior to work party.

I have made arrangements to purchase the "Silver Bullet" water slide from Big Splash Water Park and we will be installing it at the club...

WORK PARTY!

This years theme "Killing the party since 1965"

If you have improvement suggestions for the WSC Facilities during work party please fill out the online work party suggestion form. Your opinions will be noted!

<http://goo.gl/forms/cTos4J2gtz>

Expect Work party to be on the worst possible date for you in May. There will not be a makeup date, so if you have a wedding, funeral, knee surgery, kids soccer game, unwanted house guests, have to work, traveling to outer space, watching golf, rescue baby from burning house, wife in labor, insert your lame excuse here, you have 2 options to not attend:

1. Pay the part B dues

2. Make arrangements to do something for credit **BEFORE WORK PARTY**. (I hear the septic tanks for the bath house need to be shoveled out)

If you think you have received a work party exemption, then you need to contact whomever told you you would be exempt **PRIOR TO WORK PARTY**. All Exemptions are VOID beginning the day of work party. No excuses, all sales are final, no tag backs.

A few years back my wife decided she wanted me to hang out with her all day on work party so she paid the Part B dues, it was bliss.

I believe work should be task oriented and not time oriented, so if we all come together and work our butts off and get the checklist completed then we might finish before lunch!

Facilities Manager

Jack has served us well for many years and I want to thank him for his service to our club. He was always friendly and nice and gave me kindly advice. You can expect to see him hanging around Windycrest just as a regular member, not a club employee.

We will be publishing a job description and application instructions in this Windword. If you are interested in the job please apply. Applications are not limited to club members so if you know someone who is perfect, please encourage them to apply. The Hiring Committee consists of Commodore Marcus Fairless, Vice Commodore myself, and Rear Commodore Drew Ziegler.

I encourage all members to read the job description, and notice that it does not include helping you work on your boat, pumping water out of your boat, lengthening or shortening your mooring line, pumping up your hoist, stepping your mast, cleaning your boat, cleaning up your trash, putting air in your tires, putting your boat on the trailer, etc. For the next year the facilities manager will be busy learning the job, so don't expect them to have time to help you at a moment's notice.

Slip assignments and waiting list:

I am in the process of moving the slip assignment and waiting list to an online based spreadsheet. I will be updating the process for requesting a change in the near future. So look for that.

BEST WAYS TO CONTACT ME:

Quick Question: Text [918.978.4232](tel:918.978.4232)

Quick phone call: [918.978.4232](tel:918.978.4232).

Extended conversation: better invite me for a beer

Long winded complaints without suggestion on solutions: steak dinner invite (you pay)

Lastly, I am open to new ideas, so if you have them please share. But be prepared to chair **the committee for implementation of your idea.**

OK, OK, OK! The water slide thing is BS.

Rear Commodore Report

Greetings Windycresters,

This will be the first of many articles over the next four years as I go through the commodore cycle. I am very excited to be on the board and hope that you are as well.

Here is the Agenda:

Adult Sail- 2016, I want to get away from the idea that the Adult "training " program is for novice/ beginner/ newbies, and target it more towards intermediate sailors that want to learn racing. For those that are beginner, we will definitely have Sailing 101, but also have more in depth sail trim and Race Training for all skill levels. I plan on starting weekends in March and continuing to do courses on weeknights and weekend throughout the summer. I want to have as many people involved, from all skill levels to have this program successful. We will have lunch, sailing and beer. Please reach out to anyone who would be interested, I want to cater this to anyone's personal needs. Let me know via email if you want to be part of this program, teaching, learning or lending a boat. We will sail whatever boat people want to learn in – Lasers, 420's, Optis, MC Scow, Cat 22, 4KSB'sect..

Windjammers- Please let me know ASAP if you have kids, grandkids, niece/ nephews who would be participating next year. Right now I am open to all input. I want to do a Week long program, combined with a couple of Saturday Sessions.

Any Volunteers/ Participants that are interested or want to be involved, please let me know, I want to have an Instructor 1 training course for anyone interested as well. Proper planning prevents poor performance...

Cheers,

Drew Ziegler

Activities Captains' Report

Turkey Fry hosted by the Catalina 25/27 Keelboat Handicap Fleet on Oct. 24th was a huge success. It was a beautiful evening with just a slight chill in the air. There was plenty of juicy turkey and sides to make a perfect dinner.

Riverview Liquor Store from Sand Springs provided various wines and beers to be sampled that evening. Thanks to the owners of the Liquor Store for participating in our event.

The sunset that evening was one of the most beautiful I had ever seen! It is always fun to get together with other club members and have some time to just catch up with your sailing friends.

We truly appreciate all the work and planning that went into making the Turkey Fry a tremendous success. Thanks to all who worked so hard behind the scenes to prepare such a lovely dinner.

Next event will be our Windycrest Christmas / 50th Anniversary Celebration to be held on Dec. 12th. Reservations must be in by Dec. 1. Check the website for more details. This is a great opportunity for club members to celebrate this momentous occasion.
