Hello WSC Membership

**BIG REMINDER!!!!!!** All trailer must have owners name clearly written on left side of trailer tongue. This information helps everyone in the club.

If something has happened to your boat any member will know who to contact. We have had boats hit by lightening, blown off trailers, etc. If a Wildland Fire were to endanger WSC we would know who to contact to get boats or trailers moved.

This includes empty trailers in the Empty Trailer Lot.

I am planning to post the Boat Location List, either at the Bathhouse or on the Website, to assist members with identifying boats at the Club.

And lastly this is how we prepare the annual renewals.

So Please Please Please put your name on your trailer, or correct the name if it no longer is owned by the name on the trailer.

Another reminder - Please contact Club Secretary Maurice Casad when you buy, sell, or move your boat. We need to get this information updated and distributed to BOG members and Facilities Manager. Contact Vice Commodore and Secretary to learn if an empty space/slip is available if you are interested in moving your boat.

Welcome aboard new member to WSC

Thank you

Now that Steve and Mary have settled into their new apartment at the Montereau, we are urging everyone to take a look at their calendars and make at least one commitment to provide a meal for Steve. He loves about anything and always enjoys visiting with friends. Because of Steve's conditions, they are not allowed into the dining room, so Monday night is the only night that Mary has music lessons and cannot cook for Steve.

To signup for a meal, just log into [www.lotsahelpinghands.com](http://www.lotsahelpinghands.com), pick a date or dates, and sign up. It couldn't be easier.

We urge you to do it as soon as possible.

Thanks again for all your support,  
Art and Rita Long

### Old Business:

#### Flood Damage –

The pavilion rock façade needs to be repaired and the work  
will probably require someone with masonry skills.

The electricity repairs are underway. The lights in the pavil-  
ion are not working yet, some of the pavilion receptacles  
are operable but not all.

The power to all of C dock is still not functioning. Bob White  
was present at the meeting to request that this be given a  
priority to repair. Skeeter informed him that the repairs  
are being prioritized and addressed as quickly as possi-  
ble with limited resources.

The water lines on B dock are not functioning and there is a  
water leak at the end of C dock. Members are reminded  
to please turn on the water when necessary to the docks  
and then turn off the water supply to the docks when fin-  
ished.

The WSC hydro-hoist that was available for any member to  
use has been removed. It was damaged by the flood  
beyond the point of repair. The board will consider  
whether to replace it.

#### Beer

A new beer tap has been installed in the pavilion to help facil-  
itate lively and candid post sailing discussions.
